---

## WORK EXPERIENCE

### Full-Stack Developer / Team Lead

i-Cube Digital Solutions | Makati City, Valero

May 2025 – Present

- Backend Lead for an enterprise-level E-Invoicing system, responsible for API architecture, database schema design, and core business logic.
- Designed and maintained secure, scalable REST APIs supporting compliance-critical financial workflows.
- Led backend development efforts, including technical decision-making, code reviews, and implementation standards.
- Coordinated with frontend developers, QA, and stakeholders to ensure on-time and high-quality releases.

### Web Developer

Primeoutsourcing Inc. | Mandaluyong City, Shaw Blvd

August 2022 – April 2025

- Developed and customized WordPress themes and plugins, improving functionality and maintainability.
  - Led the end-to-end development of a comprehensive School Management System, overseeing architecture and feature implementation.
  - Integrated Mailchimp, Stripe, and PayPal APIs, contributed to a 40% improvement in transaction efficiency.
  - Built and maintained multiple full-stack applications using Laravel, React, and Vue.js for internal and client-facing systems.
  - Implemented performance optimizations, caching strategies, and security best practices, reducing page load times by up to 50%.
- 

## EDUCATION

Bachelor of Science in Information Technology
